

Nothing Can Keep Fresh After It Is Cut Up

You can't expect the chopped-up tobacco that comes in packages to be *fresh*, because it has been *chopped up too long a time*. Most of the natural moisture and flavor escapes from the small particles of tobacco *before* they are put in the package. By the time you smoke them, they are so dry that they burn fast and bite your tongue.

All the flavor and fragrance of the tobacco is *pressed into* the Sickle Plug and *held there* by nature's own covering—the natural leaf wrapper. When you whittle a pipeful off the plug you get *fresh tobacco*—slow-burning, cool-smoking, rich and sweet.

You don't pay for a package—don't waste any tobacco—and get *more tobacco* for your money. Buy some Sickle at your dealer's today. You'll find the Sickle way is the *only* way to get a *satisfying* smoke.

You must have heard about SAL-VET, the great worm destroyer and conditioner—how it has saved millions of dollars for live stock owners—how it has proved a god-send to worm-infected live stock—how it has stopped the losses from worms and furnished the farmers a weapon that has no equal with which to fight live stock diseases. Now you can buy it from our dealer whose name is given below, on an absolute guarantee to do all claimed for it, or money back. On such terms you can't afford to be without

A. H. LOUCKS, Aurelia, Iowa, says: "After using SAL-VET, I find it possesses the essentials to a good stock remedy: 1st—its handiness to feed; 2nd—the fact that it is effective for all kinds of stock; 3rd—its low cost. Am very well pleased with the results."

You can't afford to run the risk of loss—to let your stock suffer from worms—to let the worms eat up your feed and profits, when you can get this wonderful remedy on such a guarantee. Let us show you what it has done for others; how it will pay you to feed SAL-VET. You can save both time and freight charges when you buy at home.

Harly Williams of North Ferrisburg is visiting his parents.

A large delegation of St. Paul's Lodge, F. and A. M., attended the Methodist Episcopal church Sunday morning.

THIS STOMACH REMEDY HELPS YOUR FRIENDS

Almost every day some grateful person comes into our store and tells us of benefits received from the use of Rexall Dyspepsia Tablets. Knowing how much good they have done others and knowing what they are made of, we feel sure they will help you. So great is our faith in them that we urge you to try them entirely at our risk, with our personal promise that if they don't do all you expect them to do and make your stomach comfortable and healthy and your digestion easy, we'll hand back your money.

We couldn't endorse anything any more strongly than we do Rexall Dyspepsia Tablets. Containing Pepsin and Bismuth two of the greatest digestive aids known to medical science, they soothe the stomach, check heartburn and distress, promote a natural flow of the gastric juice, and help regulate the bowels. Remember, if they don't make your digestion so easy and comfortable that you can eat whatever you like, we want you to come back and tell us and get your money. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00. William H. Sheldon, 44-46 Main street, Middlebury, Vt.—adv.

Mrs. A. C. Lamb is in poor health.

Mrs. F. C. Ford is somewhat improved.

The dwelling house of Robert Ingals on West Hill was burned to the ground the 13th with nearly all its contents. Mr. Ingals was away to work and his wife and children were at home. Mrs. Ingals who was ill in bed, did not know of the fire until informed by one of the children. Neighbors arrived on the scene promptly but the fire had gained such headway that little was saved.

Our grand juror, Edmon Ford, and a number of witnesses were called to Middlebury Saturday to appear Monday morning, March 16th, at the hearing of the Doudson house burning case.

Mrs. Frank Ford was able to drive out Sunday.

Sailed into Ice-Crack.

Commodore Alexander Miller and Mrs. Miller and three other persons, two strangers and the other, John Jerome, narrowly escaped death while crossing the ice from Burlington to Port Kent, when their ice boat Eagle struck a crack twenty feet wide and plunged the entire party into the icy water. Although none were seriously injured, Mrs. Miller came near drowning, being pinned down by the mast of the boat when it jumped into the water and was rescued by her husband after she had gone down once. It is thought too, that she sustained the fracture of two ribs. Mr. Miller injured his kneecap badly and the Jerome boy had one ear nearly torn off. The other two were uninjured. The accident occurred about two miles this side of Port Kent. They were forced to walk to the hotel at Port Kent with soaked clothes and all were nearly exhausted on their arrival.

NOTICE.

This is to certify that I have this date given my son, Horat M. Newton, his time, and that I will not collect any of his wages or pay any debts contracted by him, after this date.

THE WATER VESSEL.

Chickens are certainly on the water wagon and then some. This is because water figures so in their comfort, health and growth. They must have it to soak their food, it is such a large constituent of eggs and flesh, so that the wise poultryman will always keep a sufficient quantity of fresh, pure water before his fowls.

A water vessel should be inexpensive, hold at least a day's supply,

TYPES OF WATER VESSELS.

should protect water from dust and sun, be covered so chicks cannot get into it and fowls cannot dip their combs and wattles into the water and should be made so it may be easily carried, filled and cleaned.

It is not necessary to heat the water in winter, and with lamps connected to water vessels there is always more or less danger.

Warm water freezes easier than cold. The hens prefer the latter, and

A GOOD SQUARE VESSEL.

It is better for their digestion. We present styles of water vessels for old and young fowls.

On hot days water should be shaded and should be changed occasionally, as stale, warm drink brings intestinal trouble to young and old stock. Place the vessel so dirt and litter cannot be scratched into it, and make the duck water vessels so deep that when they drink they may dip in over the eyes, or sore eyes and heads will result.

DON'TS.

Don't forget that prevention is better than cure. If this old adage was followed to the letter, men, beasts and fowls would all be better, and diseases and deaths would become so few that the doctors and undertakers would boohoo adieu.

Don't mix salt and mash dry. Dissolve salt in hot water, and with this moisten the mash.

Don't feed ducks the same quantity as chickens. Ducks grow faster and need more grub.

Don't put all middlemen in the cheat class because you occasionally meet a slick one.

Don't try to squeeze blood out of a turnip. Sell a good article at a fair profit and be satisfied.

Don't bleach white fowls with peroxide. It does not remove brassiness, but rots the feathers, and the judge will catch you.

Don't show fowls with stubs or feathers on their shanks, toes and webs, when the standard calls for those varieties to be clean shanked and shod.

Don't pull feathers and stubs and fill up the holes with beeswax with the idea that the judge will not see the trick and not disqualify the faked specimen.

WE CAN NOW SUPPLY THIS HAIR PREPARATION

Our big Harmony Laboratories in Boston have caught up with their orders now and so we won't have to disappoint any who are using Harmony Hair Beautifier and want more of it, or any who have been advised by your friends to use it. We can now fill all demands, even if it becomes even more of a rage than it is now.

Harmony Hair Beautifier is just what it is named—a hair beautifier. It is not a hair dye or hair oil—but a dainty, rose-perfumed liquid dressing to give the hair its natural glow and brightness, wavy softness, rich beauty. Easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo 50c. Both guaranteed to satisfy you in every way or your money back. Sold only by the more than 7,000 Rexall Stores, and in this town only by us, William H. Sheldon, 44-46 Main street, Middlebury, Vt.—adv.

Without these two guaranteed protectives you cannot succeed with poultry. No other preparation is as good the first three weeks as Pratts Baby Chick Food—25c, 50c and \$1.00—the only safe ration. Insures lusty growth.

To prevent intestinal troubles the one sure specific is Pratts White Diarrhea Remedy—25c and 50c. After they pass the early critical period they mature quickly into profit paying members of your flock.

Refuse substitutes; insist on Pratts. Satisfaction Guaranteed or Money Back. Get Pratts 160 page Poultry Book.
